information on a number of environmental threats ranging from oil spills, to hurricanes and tsunamis, to space weather.

**NOAAWatch** is a website offering information about ongoing environmental events. NOAAWatch explains the role of NOAA in prediction, monitoring, and recovery from environmental hazards. It provides public access to current

information on a number of environmental threats ranging from oil spills, to hurricanes and tsunamis, to space weather.

The National Hurricane Center issues Public Advisories on their website for active tropical cyclones every six hours at 5 a.m., 11 a.m., 5 p.m., and 11 p.m. EDT. When coastal watches or warnings are in effect, Intermediate Public Advisories are issued at either two or three hour intervals between the regular Public Advisories. Special Public Advisories may be issued at any time to advise of an unexpected significant change in the cyclone or when watches or warnings are to be issued.

## NOAA Weather Radio

*Not manufactured by NOAA, NWR receivers can be purchased at many retail outlets and on the Internet*

NOAA Weather Radio (NWR) All Hazards is a nationwide network of radio stations broadcasting continuous weather information directly from a nearby National Weather Service office. NWR broadcasts National Weather Service warnings, watches, forecasts, and other hazard information 24 hours a day.

162.400 MHz	162.425 MHz	162.450 MHz	162.475 MHz	162.500 MHz	162.525 MHz	162.550 MHz
----------------	----------------	----------------	----------------	----------------	----------------	----------------

## Georgia 511 Travel Info

**Free Real-Time Traffic Information**  
Georgia 511 is a free phone service that provides you with real time traffic and travel information, or allows you to request assistance 24 hours a day. Georgia 511 can be accessed from anywhere in Georgia, by simply dialing 5-1-1.

### 511 Coverage

When you need the latest updates on Georgia traffic, road construction, closures or tourist attractions, just dial 511. Georgia 511 has the ability to monitor state routes and interstate roads throughout Georgia, with updates every few minutes. 511 also can provide you with the following travel information:

- Trip times
- Accurate, up-to-date information on statewide traffic conditions
- Route-specific information
- Current and planned road and lane closures
- Construction
- Critical incidents
- AMBER alerts

Just press a button or say the word and the 511 state-of-the-art phone technology will give you all the traffic information you need.

### 511 Connections

511 makes a great traveling companion. Wherever you need to go and however you plan to arrive, Georgia 511 is the easiest way to find out everything you need to know. In addition to real-time traffic information for Georgia's roads and highways, 511 can connect you to public transportation, air travel and tourism resources.
